Our District will develop and implement an annual budget aligned with the Strategic Plan that ensures the equitable and efficient distribution of resources to support district goals.

Teaching in our district will be collaborative, focused, and reflective. Learning will be supported by innovative, flexible, project-based opportunities utilizing community partners to develop citizenship.

In our district, technology will be used to support and fulfill the needs of teachers, learners, and support staff in accomplishing district and community goals. Innovation, communication, and media literacy will be hallmarks of technology use in Sequim School District, as our district prepares future citizens for their lives in a digitally connected world.

Our district will engage in a multi-level approach to improve equitable methods of communication and information practices to enhance awareness, engagement, and empowerment in all stakeholders.

Our district will provide safe, sustainable, and adaptable facilities that support all staff, students, and community partners and foster positive relationships for all stakeholders.

Our District will discover, develop, and nurture dynamic, local and global partnerships to maximize resources which support the education of each student and enhance our community.
