Helen Haller Elementary

Letter from the Principal

Dear Helen Haller Families,

Thank you for participating in this learning journey with us. Helen Haller teachers are working hard to connect with all families, to teach engaging lessons, and to provide feedback about student's learning.

I'd like you to know a few things:

1. Most of the suggested schedule is just that – flexible. We understand that work and childcare take a big part of your day. Designing your own schedule to complete work is absolutely an option. To help with this we are doing the following:
2. Teacher's lessons are available to you beginning each Monday at 8:00 a.m. Your student can work on them when it works for your family. You can view the lesson multiple times and still access previous week's lessons. We would like assignments completed and turned in by the following Monday. This will help keep everyone on track and the learning moving forward.
3. For attendance to count we need students to login each day. You can also connect with the teacher via phone or email to share a progress report, or complete work and submit it via Canvas. These are all ways that allow teachers to see that your student has been working. Taking a photo of the completed work and emailing it to the teacher also works.
4. We would really like students to connect 2 times a week for their live class meeting times.
5. If your student needs more support, please do not hesitate to call and set up an appointment with teachers for some 1-on-1 support via a Teams Meeting or a phone call.
6. Please connect with your student's teacher if you have questions, need support, or clarification. We are all here to help. Email HelenHaller@sequimschools.org - we can direct these emails to the best person to help you. A phone call works too: 360-582-3200.
